## What our clients are saying

I have been using this service provider for over a year now. They are very accommodating, personal and professional. I enjoy using the service and would recommend it to others. They address all my support needs all the time. **G.R. (Client)**

I have been very impressed with the care three staff members of Yorkshire & Humber Healthcare have provided to my mother since commencing working with her in February. The staff have all demonstrated excellent attitudes which has helped gain trust and made Mum feel safe and confident. The staff accomplish a lot of practical work in the allotted time and are able to meet Mum's needs such as feeding, medication and hygiene. **B.S. (Son of Client)**

Mum has recently come out of the hospital and her support needs have changed. The carers are always so caring and kind, they ensure Mum's needs are met and go above and beyond their usual duties when needed to ensure Mum is safe. They are approachable and easy to contact if we have any concerns. **J.W. (Daughter of client)**

Overall, the care we get for my husband is quite good. We recommend the care as good managerial, general staff, carers etc. Administrators are really good - polite, conforming and professional. Even when there have been things to discuss we have always come up with good conclusions. We've never been ignored. **G.R. (Wife of Client)**

**Take charge of your care.**
